- Link directly to the PDF file when sharing.

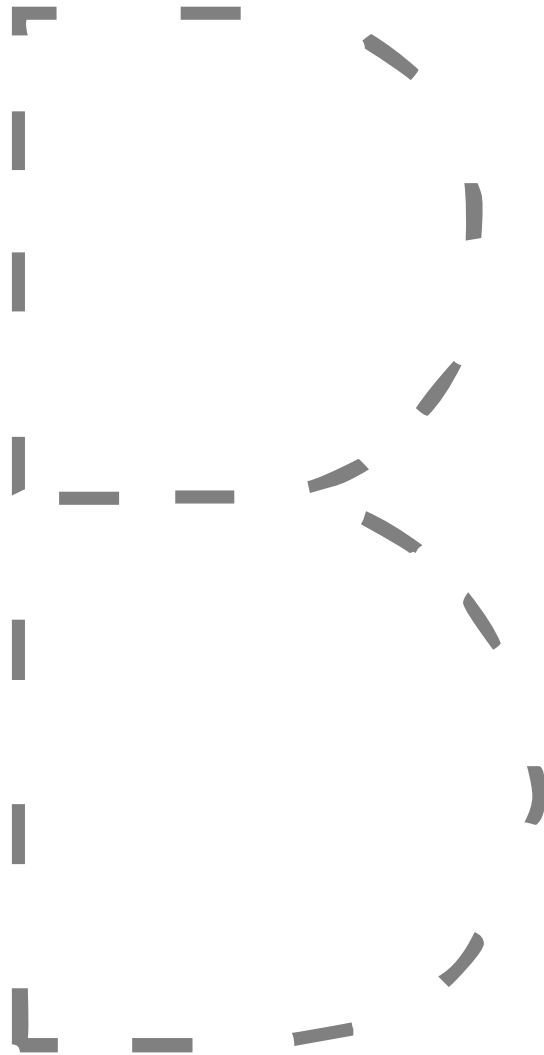

All downloads are copyright protected, and are not to be copied, shared, or distributed in any form.

## **To Use:**

Print on regular paper and have child trace letters. Repeat letter as at least three times – once when introducing the letter, and at least twice while they are tracing it. This will help with letter recognition.

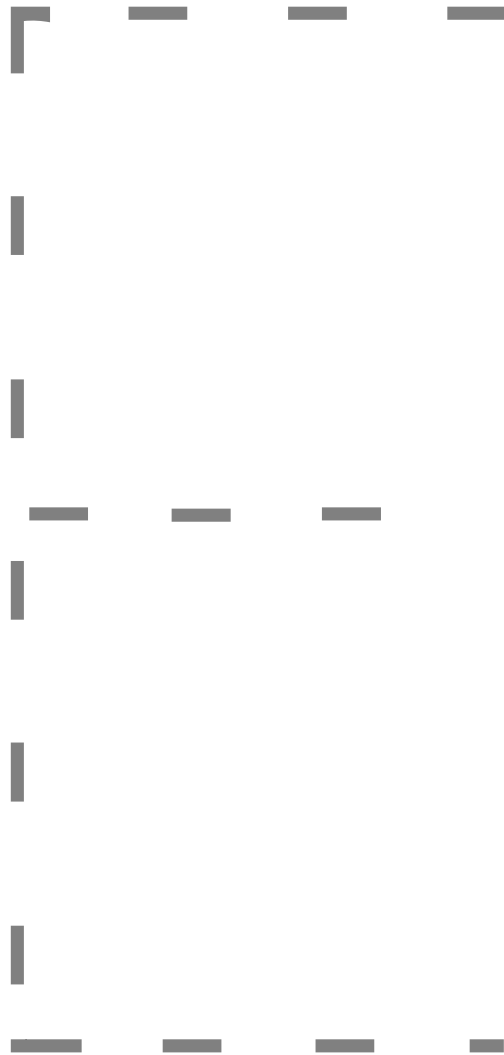

For durability, print on cardstock and laminate. Use dry-erase markers and wipe clean after each use.
